

El Rincón de los ENEBROS 2021

Our first single vineyard wine from our plot Finca Las Ginebras in Labastida. A genuine **VILLAGE'S WINE**, aged 100% in American quality barrels

After years using French barrels for our premium wines, we felt that we missed some origin and we decided to back to our roots using American barrels for ageing one of our best plots.

We look for the best French coopers producing now some amazing barrels with American oak. These outstanding barrels together with the best Garnacha (30%) from the lowest part of the vineyard and a selection of Tempranillo (70%) from the same plot have allowed us to produce an amazing and successful wine.
